

6th Grade Social Studies & 7th Grade Drawing

DO NOT PRINT many additional pages ☺

This week students will be working in centers for a week doing various activities. The centers will be about: The Feudal system, Food and daily life, Knights and castles, geography of Europe, Coats of Arms, Timelines, and Life of Peasants.

On Friday April 27th students will be taking part in a “History Mystery” and solving the case of the “Black Death”. I am sure they will all make great CSI agents!

Next week we will be having a few tests so please make sure your child is studying their states and capitals. I suggest playing games on the internet or creating flash cards.

Next week we will wrap up the Middle Ages and jump into the Renaissance. Students will learn about Di Vinci and create inventions in his style.

Parents! If you are on campus please feel free to stop by my room after school. I would love to meet you and learn more about your child.

Homework:

6th Grade Social Studies:

1. May 1st 50 States and Capitals Test
