

TOGETHER WE DO CHANGE LIVES.™

The UnitedHealthcare Children's Foundation (UHCCF) is a 501(c)(3) charitable organization that provides medical grants to help children gain access to health-related services not covered, or not fully covered, by their family's commercial health insurance plan. Families may receive up to \$5,000 annually per child (\$10,000 lifetime maximum per child), and do not need to have insurance through UnitedHealthcare to be eligible.

UHCCF was founded in 1999. Since 2007, UHCCF has awarded 13,000 grants valued at \$35M to children and their families across the United States. UHCCF's funding is provided by contributions from individuals, corporations and UnitedHealth Group employees. Apply today at UHCCF.org.
